# Our Projects

1. Informed Parents

2. Family Involvement for Child Development (FICD)

3. Prenatal Education

4. Family Awareness

5. Parenting Education

# Informed Parents

Is a center based program for children from conception to 3 years of age along with parents and caregivers, in four targeted neighborhoods within the apartment complexes.

Focuses on provision of quality early childhood development training to economically deprived families in the selected neighborhoods in Southwest Houston.

Aims at building capacity, enhancing parenting skills and improving the abilities of mothers and caregivers to carryout ECD techniques through extensive training sessions.

Currently there are 50 participants including 25 mothers and 25 children

# Family Involvement for Child Development (FICD)

Is a Montessori-based ECD project for children aging from 3 to 6, which provides an opportunity for parents as well to play an active role in healthy nurture and prosperous well-being of their child during the formative years.

Currently a pilot initiative in four targeted neighborhoods in Houston. The residents of these neighborhoods are either immigrant families or belong to very low income category.

Aims at transforming the underserved communities into healthy and smart communities where all children realize their full potential with respect and dignity.

# Continued

Focuses on facilitating underprivileged children (3-6 Years) with age appropriate ECD learning interventions to minimize the inequalities of access and opportunity and to maximize school readiness.

It is a practical implementation of the research-based discoveries **that say: “home is the first school and parents are the best teachers”** .

Currently Engaged 50 beneficiaries, including 25 children and 25 mothers/caregivers.

# Prenatal Education

RF conducts prenatal sessions for pregnant mothers in program area.

The total number of enrolled pregnant mothers in selected neighborhoods is 10.

# Babysitting Facility

RF provides free babysitting facility to those parents who have more than one children and 90 percent of the parents have at least 2 children and more.

Total number of beneficiaries availing babysitting facility is 17.
